

# Sponsorship Packet

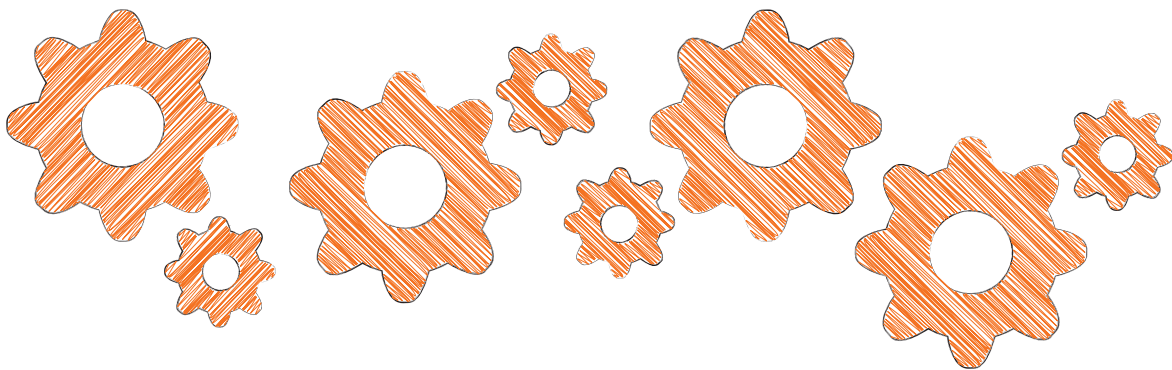

# Who are we?

FIRST Robotics Competition Team 1592, The Bionic Tigers, is a high school robotics club, based out of Cocoa Jr./Sr. High School, in Cocoa, FL. Currently the team competes in the Orlando Regional at the University of Central Florida in addition to one other out-of-state regional.

# What do we do?

It is the goal of the Bionic Tigers is to engage and inspire the next-generation of students in the fundamentals of STEAM (Science, Technology, Engineering, Arts, and Math). Our mentors work with students to help them develop engineering, fabrication, computer, and business skills to help them in their future careers.

# What is FIRST?

The mission of FIRST is to inspire young people to be science and technology leaders and innovators, by engaging them in exciting mentor-based programs that build science, engineering, and technology skills, that inspire innovation, and that foster well-rounded life capabilities including self-confidence, communication, and leadership.

# What do donations go to?

Donations are used to fund the club as a whole. We use donations to purchase materials and software to help us build our competition robot. Donations are also used to purchase training parts that students use to develop their skills. Finally, we use donations to help cover a portion of students travel costs to competitions.
